

Clear Time

OhGeesy

Ice cold, big splash, chandelier time
Maybach, triple black, I'm on Lear time
Boss status, I ain't never been on weird time
Fucking you for hours, I can clear time
Back of the Ghost, all this water on me holy
A stick protect this ice like a goalie
Can't tell me that you loyal, gotta show me
Can't tell me that you loyal, gotta show me

Havana, Cubano, tequila de blanco
El jefe de honcho, the Marcia Lago
Bussy on the wrist for my whole team
Walk up in the function, make the hoes scream
She told me flip her over poolside in the mansion
I don't even gotta move, cause my watch dancing
All my diamonds do Bachata
All my diamonds do Bachata
Free my shottas, cop the crew switches
Freeing up my roster, I got new bitches
Swimming with piranhas gotta move vicious
Swimming with piranhas gotta, yeah
I'm out in Vegas, 5,000 on the nightly
She got to be a porn star to excite me
Said she like it when I choke her because she feisty
Running up a check in these white Nikes

Ice cold, big splash, chandelier time
Maybach, triple black, I'm on Lear time
Boss status, I ain't never been on weird time
Fucking you for hours, I can clear time
Back of the Ghost, all this water on me holy
A stick protect this ice like a goalie
Can't tell me that you loyal, you gotta show me
Can't tell me that you loyal, you gotta show me

Got a brand new Rollie with a chocolate face
Got a thick chocolate bitch and she don't got a waist
Might fuck her in the club, I don't wanna wait
Stars in the ceiling like we outer space
All my bitches make it clap just like Patty Cake
All my bitches make it clap just like Patty Cake
I could tell you want to fuck by how you looking at me
I'm about to turn 30, might be a sugar daddy
The homie off a Myers and he trigger-happy
Pop me a perky, I get really nasty
360 cameras parking in reverse
Run up on this truck you gone leave in a hearse
Really trap I'll take a brick, you want a verse
Praying for the best, but I expect the worst
Bust a brick open, and I expect the work
My bitch don't hesitate she keep it in her purse

Ice cold, big splash, chandelier time
Maybach, triple black, I'm on Lear time
Boss status, I ain't never been on weird time
Fucking you for hours, I can clear time
Back of the Ghost, all this water on me holy

A stick protect this ice like a goalie
Can't tell me that you loyal, gotta show me
Can't tell me that you loyal, gotta show me
