

## The 5

OhGeesy

This a bussdown not a plain Jane  
Side bitch fucking with my main thang  
All my niggas sell drugs or they gang bang  
From the Bay from LA, it's the same thang

Scrolling through my DM, looking for the hoes  
Hit him with the stunna like I'm Stone Cold  
On a opp block throwing up Os  
Do I rock the white or the rose gold?  
Fuck a nigga, I'ma rock both those  
Two events, one night, I rock both shows  
And this the plain Jane not a bussdown  
I got different type of watches 'cause I'm up now  
She ain't want me back then, she want to fuck now  
Watch how you pop out that cut, you get cut down  
She was a good girl, but she a slut now  
She got a BBL, got a butt now  
Me and Berner run a play, getting touchdowns  
You ain't bring nothin' to the table, you can't come around  
All you bitches' baby daddies out of luck now  
'Cause, bitch, I'm tryna fuck now

This a bussdown not a plain Jane  
Side bitch fucking with my main thang  
All my niggas sell drugs or they gang bang  
From the Bay from LA, it's the same thang  
This a bussdown not a plain Jane  
Sending packs and it touch down the same day  
All the homies live fast, can't change  
From LA to the Bay, it's the same thang

The money so old, you can smell the mold  
No ice in my mouth but my mouth piece cold  
I'm on the road, neck full of gold  
No radio but I get 80 for the show  
Fuck clout, I got my own truck routes  
Insurance on the packs, touchdowns  
Watch all flooded, big bussdown  
My bottom bitch the only bitch I trust now  
I'm always hella chill 'cause I move right  
Jewelry going crazy, mood light  
Bitch broke the rubber, too tight  
I woke up late and booked a new flight  
Big guns, we bringing more income  
I hire big lawyers if the feds come  
This a bussdown not a plain Jane  
But my plane 1 to 5, I let my chain hang

This a bussdown not a plain Jane  
Side bitch fucking with my main thang  
All my niggas sell drugs or they gang bang  
From the Bay from LA, it's the same thang  
This a bussdown not a plain Jane  
Sending packs and it touch down the same day  
All the homies live fast, can't change  
From LA to the Bay, it's the same thang
