(Low the Great)

Top down, ridin' 'round, ayy (IsThatTrey)  
Top down, ridin' 'round, ayy

Top down, ridin' 'round, know you see a nigga  
Finna get top right now, you see me with her  
She a top model bitch, I can't be seen with her  
But fuck it, I'm a street nigga  
Ayy, top down, ridin' 'round, know you see a nigga  
Finna get top right now, you see me with her  
She a top model bitch, I can't be seen with her  
But fuck it, I'm a street nigga, ayy

Can't be seen out in public 'cause this shit a fling  
Gettin' rid of all my hoes, finna spring clean  
I just spent two bands on Céline jeans  
Then I spent another two on a pint of lean  
Ayy, I ain't never spend no money on a wedding ring  
Fuck an index, ice my pinky ring  
Pop big shit when I hit the scene  
Geesy, yeah, baby, I bling, bling  
Geesy, yeah, baby, I get young money  
Keep a bad light skin, sweet like honey  
Go get my name tattled if you really love me  
I could tell when we met you was finna fuck me

Top down, ridin' 'round, know you see a nigga  
Finna get top right now, you see me with her  
She a top model bitch, I can't be seen with her  
But fuck it, I'm a street nigga  
Ayy, top down, ridin' 'round, know you see a nigga  
Finna get top right now, you see me with her  
She a top model bitch, I can't be seen with her  
But fuck it, I'm a street nigga, ayy

Top down, ridin' 'round, money ain't a thing  
Sellin' cocaine bricks and methamphetamine  
I'm tired of tellin' niggas we sell everything  
Whenever it's a drought, I can make it rain  
Ayy, whenever it's a drought, I'ma make it snow  
Never met a bitch that wasn't on go  
You ain't never got some money, this shit on the floor  
I know I got it all, but I want more

Top down, ridin' 'round, know you see a nigga  
Finna get top right now, you see me with her  
She a top model bitch, I can't be seen with her  
But fuck it, I'm a street nigga  
Ayy, top down, ridin' 'round, know you see a nigga  
Finna get top right now, you see me with her  
She a top model bitch, I can't be seen with her  
But fuck it, I'm a street nigga, ayy

Top down, ridin' 'round, know you—
