

## D.Angel

Ohgr

Open your eyes  
Everything's dangerous  
Something inside  
Devils and angels

I'm feeling like  
I'm feeling light  
I'm hunted like  
A rabbit doll with a toon up side

Deep in your hind  
Speaking the day wish  
Leave it behind  
Devils and angels

I'm feeling like  
I'm feeling light  
I'm hunted like  
A rabbit doll with a toon up side

This is the time  
So ever more caress  
You feel like strangest like  
Devils and angels  
Its black design  
with parrot toil artifice  
You're saving the mind  
From devils and angels
