

Tiny step

Ohm Square

I am like most of the carefree haedstrong women you may have encountered
Most of them
But I just might be totally smitten, totally smitten with any love you care
to splash around

Something going on in the back of my head
I weren't sure but I thought you were dead
I know
I'm far gone and I'm dreaming in red
I need love just to get out of bed
I know
You're caught up in places where I'm scared to look
I'm talking about love
The gift from above
Oh please

Rough tumble, rough turn (it's a rough time here in the city of love)
Rough time y'all, Rough time (here in the city of fools in love)
Rough tumble, rough turn
Rough time y'all
It's a rough time

In my dreams I perceive something special about thee

I am like so many old and dusty books you will never open
But I just might fall prey to your looks, pray that I endeavour to share the
knowledge that I possess

It's like a tiny step but let it follow the rest
Breathe in, Long breath out
It's like a tiny step but let it follow the rest
Breathe in, Long breath out

Something going on in the back of my head
I weren't sure but I though you were dead
I know
I'm far gone and I'm freaming in red
I need love just to get out of bed
I know
You're caught up in places
I'm talking about love
The gift from above

Can't remember my words, all the things I was certain of...

Dreaming in the red, where everything is loved up to the max

Rough tumble, rough turn (it's a rough time here in the city of love)
Rough time y'all, Rough time (here in the city of fools in love)
Rough tumble, rough turn
Rough time y'all
It's a rough time
