

Look Down

Oi Va Voi

When I need you beside me, i can do things to myself I regret
My thoughts become distant, my mind turns everything right on its
head I search in vain for the positive, to stop all the demons
from talking aloud It's not that I'm lost, it's just there are
times i don't want to be found

I'm feeling my way One step at a time I know that you're there
But I can't always find you The next thing I know The circus be-
gins And I'm walking along Doing anything not to look down

Don't let go of my hand, I'm doing anything not to look down

When I need you beside me, at times I'm afraid 'cause I don't know
the cost I focus my thoughts, or at least those that I hope I
can trust I start to feel all the maybes slowly spiral inside
of my chest Guess I'm no good at perspective so I should admit
this is what i do best

I'm feeling my way One step at the time I know that you're there
But i can't always find you The next thing I know The circus
begins And I'm walking along Doing anything not to look down

Don't let go of my hand, I'm doing Anything not to look down
