

## Over The Moon

OK Go

Over the moon  
Will be soon  
If you keep up that crazy talk, oh  
Saw you quit cigarettes  
Anxious and quiet fits  
They'll blow up like balloons

1, 2, 3, count with me  
Think of catastrophes  
I can't breathe, no I can't breathe  
4, 5, 6, this is it  
One of these days you'll send  
Me right over the moon

Over the moon  
Will be soon  
If you keep up this marathon, oh  
Two roads, two burns  
Twisted and turned  
All the birds and the bees, they say

1, 2, 3, count with me  
Think of catastrophes  
I can't breathe, no I can't breathe  
4, 5, 6, this is it  
One of these days you'll send  
Me right over the moon

1, 2, 3, count with me  
Think of catastrophes  
I can't breathe, no I can't breathe  
4, 5, 6, this is it  
One of these days you'll send  
Me right over the moon...  
Moon...  
Moon...
