Try A Little Act Of Kindness

OK Go

This morning as I opened up my eyes
A hummingbird was at my window
And while the sun rose on Clover Grove
They hummed a tune that maybe you know

Try a little act of kindness
And start a chain of many more
Show a stranger some politeness
And watch that little moment grow and grow
Oh try a little act of kindness
And start a chain of many more

So I walked along the street today
And greeted all my neighbors with a hello!
And imagined all the ways that I could bring a smile
And be a real kind fellow

So try a little act of kindness
And start a chain of many more
Show a stranger some politeness
And watch that little moment grow and grow
Oh try a little act of kindness
And start a chain of many more
