

## And I Have A Blessed Life

Okay Kaya

(This is just so you don't forget  
What song this is  
Okay thank you guys)

This void is showing  
And I have a blessed life-i  
Toss and churn  
I can't sleep at night  
And I have a blessed life

Something heavy is resting on the top of me  
And I have a blessed life  
Something heavy is resting on the top of me  
It's familiar as a wife  
(Yeah I've a blessed life)

These eyes see things they're not my own  
And I have a blessed life-i  
They're just levels inside of a cranium  
And I have a blessed life

Something heavy is resting on the top of me  
And I have a blessed life (Oh yes I do)  
Exchange literally for figuratively  
It's familiar as a wife  
(Yeah I've a blessed life)

I look up towards the heavens to find the light (Oh yes I do)  
But only a menacing ceiling fan meets my sight (Oh yes it does)  
Life is Nietzsche on the beach and then you die  
Better have a blessed life  
One more time  
One more time, ooh

I have a blessed life (I have a blessed life, oh yes I do)  
I have a blessed life (Yeah I have a blessed life, oh yes I do)  
I have a blessed life (Oh yes I do)  
I have a blessed life (Mmm)
