

## Rorschach

Okay Kaya

She's got the entire world in her mouth  
Geographic tongue  
I think I could live in there  
I'll put an offer down

She's just my taste, my bud  
Her tongue is a Rorschach test (Rorschach)  
Twisted I interpret it (Rorschach)

I think she understands it  
Opens up and swerves it (Show me, give me)
