

Zero Interaction Ramen Bar

Okay Kaya

My parasite and I are blushing
In the zero interaction ramen bar
If it could make a sound
I'm sure it'd go something like this
Ha-ha-ha, ha-ha-ha-ha-ha-ha

My lovers used to find me endearing
My lovers used to like all of my songs
Now they only find me annoying
They leave me all alone with

My parasite and I are blushing
A cold one and a sentient dumpling
If it could make a sound
I'm sure it'd go something like this
Ha-ha-ha, ah-ah-ha

Ah, fuck
