

(I will never forget you, baby)

(Baby, I)
I keep hearing a voice
In my head
As insecurities arise
(Baby, I)
Struggling with this pain for months
And I don't know, I don't know
I don't know how

I will never forget you
I will never forget you
I will never forget you, baby
I will never forget you
(Baby, I)
I will never forget you, baby

The kind of love
That will break your heart in two
Seems irreplaceable
There will be a space
Where I'll become
All I thought was love

I've been feeling cold
I've been feeling cold, my baby
I've been feeling cold
I've been feeling cold
Without me

I will never forget you
I will never forget you, baby
I will never forget you
I will never forget you, baby

(I've been feeling cold)
(I've been feeling, I've been feeling)
(I've been feeling, I've been feeling)
(I've been feeling cold)
(I've been feeling, I've been feeling)
(Baby, I)
(I've been feeling, I've been feeling)
