

Run your cold skin through my neck
I tried to kill but you always fall
Came as bad as began
It never matter what I do
It never matter what I see
It never matter what I say

I don't wanna, I don't wanna
I don't wanna bear the weight
I don't wanna, I don't wanna
I don't wanna bear the weight

I don't wanna bear
I don't wanna bear the weight

Your way home
You don't have to worry about, worry about you, no
We are under way
Feel your skin burning
In the night you're boiling
Lightning no incantation
Kinda morphing, for orphan
I'm tryna be a soldier, don't wanna be a murderer
This is a love war

Your way home
You don't have to worry about, worry about it, no
We are under way
Your way home
You don't have to worry about, worry about it, no
We are under way

You don't have to worry about nothing
You don't have to worry about nothing
