

I trace the feeling
Right where it started
Somewhere I couldn't touch you
I want to go online, if you wanna
Play to a game with no rules

Go online where it started
Somewhere I can be with you
Where I can be with you

I pull the phone so close to my chest
Just to feel closer to you
I cannot stop the smile on my face
I know you're smiling too

Go online where it started
Somewhere I can be with you
Where I can be with you

Ooh, if I knew at the time
If I knew at the time, mmm
I wouldn't change a line
