

## Hunt

Oklou

We clawed, we chained, our hearts in vain  
We jumped, never asking why  
We clawed, we chained, our hearts in vain  
We jumped, never asking why

I came in like a wrecking ball  
All you ever did was wreck me  
Wreck me

Never asking why

I can't live  
I can't live  
I can't live  
I can't live
