

Samuel

Oklou

I go slow while you keepin' up the fight
Even though the ring is closed
I go slow while you keepin' up the fight
Even though the ring is closed

Here is the show, you want to level up the fight
Even though the ring is closed
Here is the show, you want to level up the fight
Even though the ring is closed

You bend in the snow kind of magic in the sight
Do you think our ring is lost?
You burn with the snow kind of magic in the fight
Do you think our wing is ripping home?

What a crowd, excited to see the fight
They really wanna see them both fall down
But I want you to know that I wouldn't put up a fight
'Cause I am never, never gonna show

Darling, when you let me down
Darling, when you let me down
Darling, when you let me down
Now I tell my kids about you
