

# Nigga Please

Ol' Dirty Bastard

[ODB]

I ain't no nigga

My words can't be held against me  
I'm not caught up in your law

All music must obey me  
All pain must obey me  
I cripple my enemies  
Got that careful vocabulary  
I can talk my way up out of anything  
Nobody's words can go against me  
I'm stingy, I want all that energy  
Osirus, the best nigga in the place to be  
I two hundred hot degree  
Burning ya til you faint y'all  
Y'all niggas shooting blanks y'all  
I'm fucking my vest, drive an armored tank y'all  
I dead niggas like a dog buries a bone  
You could never set me up I raise the pain volume  
Nominate me, as presidential MC  
My career so intelligent unique physique  
A nigga please!

[ODB and RZA]

[Chorus]

You could never fuck with the dog,  
A nigga please!  
Nigga I will bury ya bone  
A nigga please!  
I'm the one who burned ya home  
A nigga please!

Watch your shit fall like Rome  
I'm immune to all viruses  
I get the cocaine it cleans out my sinuses  
Just for slinging \*nuh\* I get a quarter a mil  
I'll have it raining ice drops the size of automobiles  
Kill all the government microchips in my body  
I'm the paranoid nigga at your party  
I kill all my enemies at birth!  
Shut the fuck up!  
Bitch and let my slide my hands up your skirt  
Nigga please!

[Chorus]

Nigga please! (You could never fuck with the dog) (5x)
