

## Another Level

Olamide

Enemies steady blocky my way  
But me I'm steady making more pay  
(I de another level, I de another level)  
Me I no de find their validation  
But them ah steady seek attention  
(I de another level, I de another level)  
Serve the Lord like a waiter Now getting paper  
So many friends weh me love turn me hater  
(I de another level, I de another level)  
The rain gimme joy, sun gimme strength  
Moonlight and the stars got me feeling OK  
(I de another level, I de another level)

Awo tèba na tío rò èlò gbonmi si  
I've been in the kitchen emafò eshimagbomisi  
Forget the bs get d money yeah that is my policy  
Broad day light robbery I will not solicit  
Anything I want I go get you no know me since?  
I be stubborn animal that's probably my only sin  
Since I came into the scene shey you no de see?  
I be big deal I fit sell ice water to the sea  
Competition done dead straight from the on set  
Lyrically busted, oh yeah I dusted all the niggas they trusted.  
Now I'm the most wanted  
Been a ceo since 22 how dem want contest  
Do you understand me or you not getting context  
They say I'm doing too much because I only talkless  
Eruku oshodi lawon eleyi jor dungbè  
Ekutikusiwon lenu wonshere ni wonbè  
Jawonlaya jawon waleh bitì eruku ganja  
Bofo soke bewon bi fere pelu igo Fanta  
Runwomole bitì Rooney majè kò lo counter  
Balekun wonjè magba roof wole bi santa  
Heart mi cold bitì weather jos  
Timba la è moma ja è I no de do padi by force  
Eni tofè kirun loma kunlè konshe mosque  
YBNL mafia we don't give a huuuh !

Enemies steady blocky my way  
But me I'm steady making more pay  
(I de another level, I de another level)  
Me I no de find their validation  
But them ah steady seek attention  
(I de another level, I de another level)  
Serve the Lord like a waiter Now getting paper  
So many friends weh me love turn me hater  
(I de another level, I de another level)  
The rain gimme joy, sun gimme strength  
Moonlight and the stars got me feeling OK  
(I de another level, I de another level)
