Haters tryinna stand while I stand

Before God and man

Your tank on him like a dashing hand

Home boy pulled up in a Beamer

Water on my neck call that Aquafina

Got a girl going nut

Begging me to see her

Cos she can't see me I'm like john cena

Body really nor be firewood

But her body steady craving for my firewood

It's a madness

Steeping like her pussy on the beach  
When she get a new designer  
She could suck a nigga through the boxers down  
She could tell her friends she fucked the kid and never loved him  
Go with the flow like a river
