

# I'm Going In

Olamide

Ahn Jesus you gat to love this  
Am going in I run this  
Is okay if some people say  
They want this  
We at the top of the game  
I dey I dey own this

I'm going in  
To a place have never been  
To a life have never seen  
Maje ko wori mi  
I'm going in  
To a place have never been  
To a life have never seen  
Maje ko wori mi  
Maje ko wori mi

As things be now  
Things are getting serious now  
Jealous ones are getting the furious  
Inferious now  
When am alone I feel like  
All eyes on me  
Vexing because the devil  
Is been telling lies on me  
They are all deadly ready  
To stand against me  
If na them be god I know sey  
Them go don erase me  
If I be their talent I know  
Dem go surely waste me  
I dey try avoid them still  
Dem dey chase me  
Men am coming long way  
I can't afford to loose now  
All I gat is only one option  
Left to use now  
The way in the holy way  
Out of been confuse now  
But na the opposite haters  
Dey pray make I choose now  
Devil is a lier  
I know is your desire  
Have been through the hell  
But he wants me in the fire  
Have been through the thick and thin  
Have gone through the wire  
I knew messiah is here with me  
To face the rest trial  
Because everyday is a challenge  
My life is like a puzzle  
You need to help me arrange  
Now before my poor live  
Against savage  
By the shakers clear everything  
Wey dey this passage

I'm going in  
To a place have never been  
To a life have never seen  
Maje ko wori mi  
I'm going in  
To a place have never been  
To a life have never seen  
Maje ko wori mi  
Maje jo wori mi

See I know what the other  
May say now even when  
They know I do my thing  
With no delaying  
Bad sharp guys is not that nice  
He use kind of fine but his not alright  
Oro enu ko efi oju goni e  
Those wey get long sightedness  
Come here  
They say olamide as make it big  
In one year  
How olamide take do am now  
We won hear  
Ah ibe ni e duro si  
Awon alakori wem jonzing  
Jor o ori owo mi ni mo pose si  
Mi o de le se easter fiesta niinu posi  
God I know you gat plans for me  
Ogbon ati imo oye jo wa fun mi  
This signs I won understand well well  
So anytime you give me one  
I go fit stand well well  
Flashy light fancy cars  
Fancy cloths bodyguards  
Na the life I want but I dey fear  
I dey fear eh  
I could see a lot in front of me  
The door handling my life  
I see the key  
Am going in but I am scared  
Cos sometime is plenty for the sky  
And sometime it will hasten no go try  
My caterpillar won turn to butterfly  
And sometimes even rubber  
Sef dey fear  
And sometimes even leather  
Sef dey tear  
Maje ko ko simi lori  
Maje ko wori mi

I'm going in  
To a place have never been  
To a life have never seen  
Maje ko wori mi  
Maje ko wori mi  
I'm going in  
To a place have never been  
To a life have never seen  
Maje ko wori mi

Oh oh I'm going in
