

Uh, yeah  
It's time to put the beam on 'em  
Rise and grind by any means on 'em  
International funds, I'm overseas on 'em  
This is a breath of fresh air, I put the breeze on 'em (Yeah)  
Steppin' on over this line there's no borders  
Can't have closed minds on these open waters (Sheesh)  
Whatever she on, I can afford it  
You know I love it when my flavors come assorted  
Connoisseur, fo' sho' with something gorgeous  
Life is all about these types of moments  
And we still in here working just like the rent due  
Spinall, no doubts on the instrumental, yeah

Jam me, yeah
