Everybody mo pe eja lo wa ninu geisha
And those wey dey pose, dey already know
Blessing dey follow anywhere we go
We getting the diamond, getting the gold
Act like fire when it gets real cold

You think say na beans, go rub vaseline
No time to dey shy, to dey shy
If I no dey omo grind na sin
Aeroplane no get bus-stop
As we dey work hard, we dey get boxed up
I no even dull when I get one top
Talk less of now when I don chop up
Me and group stealing big bills
We don't drove around if it is not big wheels
More money we piling them up
See our shoulders we carry them up
When we broke you no dey

When we dey trek go shows, you no dey
You no send us when packaging no dey
If you want my service, my guy you go pay
You go pay
