

# Life Goes On

Olamide

I'm sorry if I no dey feel the vibration again  
I'm sorry if I no dey pick up your call again  
I'm sorry if I no dey feel the energy again  
I gotta move on never coming back again  
Never coming back again  
Life goes on  
It goes on and on and on and on and on  
And it don't stop  
It goes on and on and on and on and on  
Vibration again  
I'm sorry if I no dey pick up your call again  
I'm sorry if I no dey feel the energy again  
I gotta move on never coming back again  
Never coming back again  
Life goes on  
It goes on and on and on and on and on  
And it don't stop  
It goes on and on and on

Shey I get blood covenant with you ni?  
Just wanna live my life let me do me  
I'm not the same ol' nigga when you knew me  
No bring your nonsense to me  
Alawon bawo  
Dem no go fit stop my blessings  
Abi dem want go dey whine ijoba oh  
Emi ti Jaja Opobo (Opobo)  
Original dagbana choco  
Them go try, dem go try  
But they cannot bring it down  
Devil no get level where we dey  
Qmọ na so we bad  
Yeah we bad bad  
We bad bad  
Na we be that  
Living in the moment everybody tryna copy cat  
What another brother doing that is non of biz  
And vice versa  
Why they wanna fuck up my shit?  
Always in my zone I dey zone out on a steady  
I'll tap in with the world when I'm ready

I'm sorry if I no dey feel the vibration again  
I'm sorry if I no dey pick up your call again  
I'm sorry if I no dey feel the energy again  
I gotta move on, never coming back again  
Never coming back again  
Life goes on  
It goes on and on and on and on and on  
And it don't stop  
It goes on and on and on and on and on  
Vibration again  
I'm sorry if I no dey pick up your call again  
I'm sorry if I no dey feel the energy again  
I gotta move on never coming back again  
Never coming back again  
Life goes on

It goes on and on and on and on and on  
And it don't stop  
It goes on and on and on and on and on  
  
Yo eskeez kill the riddim and buss it
