I love Nyarinya dem say make I no marry her eh
My one in a million, anywhere I go me I go carry her
I love Nyarinya them say make I no marry her eh
My one in a million, anywhere I go me I go carry her

See I met her when I was broke
Before fame
Before all most y'all know my name
Before when I know get shame
There was no packaging and I no get gain
Haba sege couldn't afford to buy bread agege
The food I de chop she de bring them
She no de take me de pose or de denge
And after all pain that I pass through you still de motivate my hustle
Your friends and your family de force you make you no follow me
Na me you pursue
I know I've changed alot
But you still love me praise the lord eeh
My future baby mama
I'm so sorry for all the drama

I love Nyarinya dem say make I no marry her eh
My one in a million, anywhere I go me I go carry her
I love Nyarinya them say make I no marry her eh
My one in a million, anywhere I go me I go carry her

If there's any gain when I met you

You gat a beauty of a goddess
Wonderful that makes you flawless
You are the queen of my heart your highness
Ah! you know your boy is a bad man
But I'm always there anytime you call me
No shaking like 2baba
You are my african queen Annie Macaulay
Ah! I see the fire in your eyes
Kai walahi your look can not ice
You know how much I want you faa
I love kissing your lips
Please don't go far
Oooh

I will make it like when we do it
Bad belle can't
Baby come here over give it to the nigga
We can do it in the presence of aunty monica

I love Nyarinya dem say make I no marry her eh
My one in a million, anywhere I go me I go carry her
I love Nyarinya them say make I no marry her eh
My one in a million, anywhere I go me I go carry her

Always there for good
Sick in emotion
Flop by faith
Rough by time
The time shall change

The time shall tell
For the love, is soul that bless my world
Can never fail, I love you boo
