Through sickness, we recognise the value of health
Through evil, the value of good
If you think say you dey para, I dey para pass you
If you gamble and I win, I no go last you

They say I'm in a hurry, won ni oju n kan mi
Fuck what dey say, ko si n kan ti okan mi
We can feel the same pain, the same way
Some go smile, some go sigh, some go shout, ewee
So don't blame me, don't blame me now
If you can't see the picture
