Olamide

Ah  
She love mi style  
Unruly, yet [?]  
She's so elegant, very naughty  
She fling it pon mi  
Whine pon a yard man

I cannot explain, how joy mix with pain  
But just like the sun, we also need the rain  
All the love that I shared, all the time invested  
Make dem no go down the drain  
If you while away the time I take care of you  
You'll leave my heart in pain

Shower me with love, and let it rain  
Rain on me, oh, rain, rain  
After the drought, the earth needs the rain  
Rain on me, oh, rain, rain

How many times I have to tell ya  
You always in my prayers  
If the world is crashing, gyal, mi dey here  
When I'm with you singing glory hallelujah  
Some people touch that mile but you haffi decline  
They don't know how you feel inside  
But when I call you no dey waste time  
Na me be your g and your slime

This kind love, no be ordinary (Ah)  
No dey fear, baby no dey panic (Ah)  
E dey be like, we dey watch titanic  
You be my healer and my soul mechanic  
Eh, e dey do me magic  
When you no dey by my side, I go sick  
My therapist and my shrink  
My joy-giver when I don too dey think

Shower me with love, and let it rain  
Rain on me, oh, rain, rain  
After the drought, the earth needs the rain  
Rain on me, oh, rain, rain

Love me, hold me  
Kiss me like you get above me  
Squeeze me, touch me  
Sweetie pie, let me love you, mama, taught me well  
Mi nuh fit joke with my woman, 'cause my mother na woman and my sister na wo man  
Sweetie pie let me love you mama taught me well

This kind love, no be ordinary (Ah)  
No dey fear, baby no dey panic (Ah)  
E dey be like, we dey watch titanic  
You be my healer and my soul mechanic  
Eh, e dey do me magic (Ah)  
When you no dey by my side, I go sick (Ah)  
My therapist and my shrink (Ah)

My joy-giver when I don too dey think

Shower me with love, and let it rain  
Rain on me, oh, rain, rain  
After the drought, the earth needs the rain  
Rain on me, oh, rain, rain

Rain on me
