

## So Much More

Olamide

Oh woman (Woman, woman)  
I told you you're more than enough (Woman, woman)  
Wipe your tears no cry no more (Woman, woman)  
Lady you are so much more (Woman, woman)  
Oh woman (Woman, woman)  
I told you you're more than enough (Woman, woman)  
Wipe your tears no cry no more (Woman, woman)  
Lady you are so much more (Woman, woman)

I know you want tender lover  
Lonely under the cover  
Sometimes you want man  
Wey fit hold you down  
Baby lean on my shoulder  
Uh  
You re not asking for too much much  
If you need someone to love  
If you don't get the energy you give back  
Its fine not to settle for less

Oh woman (Woman, woman)  
I told you you're more than enough (Woman, woman)  
Wipe your tears no cry no more (Woman, woman)  
Lady you are so much more (Woman, woman)  
Oh woman (Woman, woman)  
I told you you're more than enough (Woman, woman)  
Wipe your tears no cry no more (Woman, woman)  
Lady you are so much more (Woman, woman)

Woman no make me cry  
Your tears keep breaking my heart  
Me wan tell the Cupid shoot the arrow no more  
Don't wanna see you fall for nobody no  
Till u are served till you are pleased  
Till a man worship you like a king  
My lady you're the manner of the earth  
Better pet a let a man know and anything weh you love must to m  
ultiply

So woman (Woman, woman)  
I told you you're more than enough (Woman, woman)  
Wipe your tears no cry no more (Woman, woman)  
Lady you are so much more
