Cuh the Bible say love your neighbor as yourself

Weh go make I need nobody (no nobody)

Ou ou ou

Don't wanna loose  
My love is true  
If I leave life  
Come again brand new  
And I get the will power  
I'd always choose you  
Oh Oh Oh everything  
We de run together baby everything  
I just want a likkle, not everything  
Baby your love is everything Oh  
And you know everything

If you want everything  
I'll give my everything  
Till you get everything  
But me see everything  
You just want a likkle, not much, not everything  
You not into everything
