

# Hear You Now

Old Dominion

You used to say if I kept dragging my feet one day I would wake up alone  
You told me if I wasn't careful I was gonna mess around and hurt someone  
I didn't know that it was me you were talking about  
Didn't listen to the words falling out of your mouth

Oh, but I can hear you now, hear you now, hear you now  
In the middle of the night, I can  
Hear you now, clear and loud, hear you now  
Like a wheel in my mind  
Someday you'll be sorry  
Someday when I leave  
You'll find out you don't wanna be free, yeah I can  
Hear you now, hear you now, hear you now  
Now that you ain't talking to me

You used to wake me with a whisper but now the only voice is the pouring rain  
And the echo of goodbye just rattles through my mind like a midnight train  
Yeah, you warned me that the days and the nights would be cold  
You don't have to say I told you so

Oh, 'cause I can hear you now, hear you now, hear you now  
In the middle of the night, I can  
Hear you now, clear and loud, hear you now  
Like a wheel in my mind  
Someday you'll be sorry  
Someday when I leave  
You'll find out you don't wanna be free, yeah I can  
Hear you now, hear you now, hear you now  
Now that you ain't talking to me no more

You ain't pacing the hardwood floor  
You ain't slamming the apartment door  
You don't call me and you don't call me yours  
Oh, but I can hear you now

Yeah, someday you'll be sorry  
Someday when I leave  
You'll find out you don't wanna be free, yeah  
Hear you now, hear you now, hear you now  
I can hear you now, hear you now, hear you now  
Now that you ain't talking to me  
Now that you ain't talking to me

Now that you ain't talking to me no more  
Now that you ain't talking to me no more  
Now that you ain't talking to me no more  
No more, no more

I hear you now  
Now that you ain't talking to me no more  
I hear you now  
I hear you now  
I hear you now  
Now that you ain't talking to me no more
