

Make It Sweet

Old Dominion

I know it's a drag, I know it's a grind
I know that a dollar ain't worth a dime
Just trying to keep up with the Joneses at the end of the block

I know you get tired, I know you get down
I know you get sick of this soul sucking town
But let's make a little lemonade if lemons is all we got

'Cause I'm stuck on you, you're stuck on me
I never gotta wonder where my honey be
I ain't savin' all my sugar for a Saturday night
Seven days a week I got an appetite
The sunsets like a tangerine, let's find a road we've never seen
Don't waste another mile or a minute not kissin' me
Life is short, make it sweet

Open sky, glimpse of heaven
Take the top off the CJ-7
Let that surf-side San Anne wind mess up your hair

And let that windshield frame the ocean
Radio keep coast-to-coastin'
If we don't get where we're going baby I don't care
I'm already there

'Cause I'm stuck on you, you're stuck on me
I never gotta wonder where my honey be
I ain't savin' all my sugar for a Saturday night
Seven days a week I got an appetite
The sunsets like a tangerine, let's find a road we've never seen
Don't waste another mile or a minute not kissin' me
Life is short, make it sweet

Days will be long but the years will fly right by
We'll never be as young as we are tonight
Baby, ain't that right, yeah

'Cause I'm stuck on you, you're stuck on me
I never gotta wonder where my honey be
I ain't savin' all my sugar for a Saturday night
Seven days a week I got an appetite
The sunsets like a tangerine, let's find a road we've never seen
Don't waste another mile or a minute not kissin' me
Life is short, make it sweet
Life is short, make it sweet
Oh, yeah, yeah, yeah, yeah
