

Come Around Here

Old Man Markley

Well you come around here
Think you can change everything
Stop your crying and your yelling
No one's buying what you're selling
I don't even think they're listening

Quit giving me the runaround here
I'm sick of your song and dance
All you do is for show
You lost me at hello
First impressions only get one chance

This better be coming in clear
You're not amusing anyone
You're not the least bit funny
I've got news for you, honey
Your petty little games are done

Gonna go the other way around here
You only get what you give
You wanna eat from the table
Well you better be able
To own up to the shit ya did

Nothing you owe me
Nothing that you can show me
Nothing is what I want from you (nothing is what I want from you)

Nothing you give me
Nothing that you can do for me
Nothing is what I'll take from you
Nothing is what I'll take from you

When you come around here
Wanting a part of anything
All your fussing and a-lying
And the misdirected trying
Well it just ain't happening

'Cause when you come around here
You better watch what you do
Intimidatin' and degratin'
I only see you hatin'
Well, it's all coming back to you

Nothing you owe me
Nothing that you can show me
Nothing is what I want from you (nothing is what I want from you)

Nothing you give me
Nothing that you can do for me
Nothing is what I'll take from you

Yeah, nothing you owe me
Nothing that you can show me
Nothing is what I want from you (nothing is what I want from you)

Nothing you give me
Nothing that you can do for me
Nothing is what I'll take from you

Nothing, I said nothing
Oh yeah, nothing at all is what I'll take from you
