

## Fastbreak

Old Man Markley

You run away from me  
Why can't you stay with me?

I give you everything you need  
More than anyone would give you  
I can't expect you to be there when I need  
Run away from me  
Why won't you stay with me?

No way to catch you  
As you fastbreak for the door  
Chasing you down the street  
I can't take it anymore

Keep running, I'm coming  
For you like you know I always will  
But when I get to close

You run away from me  
Why can't you stay with me?  
You're always leaving me  
Come back to me, Lucy  
Don't run away from me  
Why not just stay with me?  
For your own safety  
Come back to me Lucy
