

# Cellphone

Old Mervs

Did you take them all  
I see you've gone back home  
It's a Monday now  
I bet your coming down  
Did you think that I would call you in the morning  
Well, you'll be right

How were you pills last night darling  
What did you forget

Say you want me but you didn't try  
Did you care when I didn't lie  
Well, I don't feel alright

Well, your chasing every other guy  
Well, I'm in another lie well  
I don't feel alright

You call me up in the morning  
You call on my cellphone  
Well, I'm doing fine  
Now I'm older  
I hate being sober  
You call on me daily  
Well, I'll be alright

How were you pills last night darling  
What did you forget

Say you want me but you didn't try  
Did you care when I didn't lie  
Well, I don't feel alright

Well, your chasing every other guy  
Well, I'm in another lie well  
I don't feel alright

You call me up in the morning  
You call on my cellphone  
Well, I'm doing fine  
Now I'm older  
I hate being sober  
You call on me daily  
Well, I'll be alright

How were your pills last night darling  
What did you forget  
Say you want me  
Well, you want me, yeh  
Now I'm older  
Now I'm older
