

Feel It

Old Mervs

Did you lose it? Were you not fine
Did you abuse it on the battle line?

'Cause you were in a right now rush to see
What's waiting all in front of me
But I know that, I know that

Can you feel it? Can you feel it? I wanna feel it
Wanna feel it
I won't feel it, won't feel it now

Did you consume it? What did you buy?
Did you allude it to the battle line?

'Cause you were in a right now rush to see
What's waiting all in front of me
But I know that, I know that

Can you feel it? Can you feel it? I wanna feel it
Wanna feel it
I won't feel it, won't feel it now

Can you feel it? Can you feel it? I wanna feel it
Wanna feel it
I won't feel it, won't feel it now

If I don't show this
Would you notice?
I've got time, I've got time
If I was hopeless
Would you notice
I'll be right, I be fine

Can you feel it? Can you feel it? I wanna feel it
Wanna feel it
I won't feel it, won't feel it now
