

Focus

Old Mervs

Did you like it there when you're all on your own?
Do you often stare at the blank on the walls?

Falling on a slope
Running from the joke
It's just all you do
I don't wanna hear
I don't wanna see what I'm missing out on

Often, I'll beat down the door
Am I focused? But never enough
I might lose it on this
I might lose it on this
And back to the start
And I'm back to the start

All your hopefulness, throw it all the wash
In the hopes that it cleans of all of the dust

Falling on a slope
Running from the joke
Well, it's still for you oh
When I get clear
I don't wanna hear what I've missed out on you

Often, I'll beat down the door
Am I focused? But never enough
I might lose it on this
I might lose it on this

Locked in
Won't let it show
Am I lost in what I've not got
I might lose it on this
Am I losing on this?

Heartbeat, fight or flight
Wanna give another try
Tired eyes, you'll never know
The wrapping's peeling off

Often I'll beat down the door
Am I lost in what I've not got
I might lose it on this
Am I losing on this?
