

If You're Falling Asleep

Old Sea Brigade

Tell me how the story goes
Can I give a reaction
Or try to forget it
Are we even really living?

Hiding out from who we know
I don't mean to enable
Sometimes I get carried
Straight out of my head

Don't wait up
Don't wait up
If you're falling asleep

All I want when morning comes
Is a place at your table
I'm just tired from a long trip in
We've been here before

Don't wait up
Don't wait up
If you're falling asleep

Falling asleep
If you're falling asleep
Don't stay

If you're falling asleep
