

Old Blooded

Old Sea Brigade

Let's ring in our second change
Take to the coast where I don't know
Maybe a Nordic summer trance
I hear it's somethings else

Taking turns now with a ghost
You lived your life with a year ago
I hear she speaks now when you don't
But you could of married could of married

Deep breathing just holding out
My memory keeps fooling me
Cold water won't change a thing
I'm trying to understand you

Old blooded
Slow flooded
Can we figure a way back out
More worry
Less money
We know everything comes around

I've shown you my very best
Took a postcard and magazine
All these places I've never seen
I hear they're something else

Deep breathing just fading out
My memory keeps holding me
Cold water won't change a thing
I'm trying to get back to you

Old blooded
Slow flooded
Can we figure a way back out
More worry
Less money
We know everything comes around

We'll find another window
Just to stare at the clouds
We'll find the perfect angle
Just come lay on the ground

Old blooded
Slow flooded
Can we figure a way back out
More worry
Less money
We know everything comes around

Old blooded
Slow flooded
Can we figure a way back out
More worry
Less money

Old blooded
