

Resistance

Old Sea Brigade

With steps all through the rain
You could call it anything
But the line drawn in the space
Will shake our coded ways

If love is everything
God be alone without our prayer
But the words of yesterday
They're rugged in the sun

Searchin' made
Searchin' made a difference
Blowin' all
Blowin' all resistance

In subtle ways it's strange
Strong enough to tilt my brain
And death is in the maze
Holistic as you came

Searchin' made
Searchin' made a difference
Blowin' all
Blowin' all resistance

You're caught up in my brain
Shake what we became

Searchin' made
Searchin' made a difference
Blowin' all
Blowin' all resistance
