

# Nancy Avenue

Ole 60

To be young again  
Getting higher than  
Pell Street water tower  
I can hear 'em now  
Sirens ringing out  
Past the roundabout  
Couldn't figure out  
How to live without  
You

In them days back then  
Where the river bends  
Wished it'd never end  
I'd have stayed there forever  
Things I said to you  
Nancy Avenue  
I'd have stole the moon  
If you dared me to

When I think of you  
What you put me through  
Nancy Avenue, I'd do it over  
And left a piece of me  
On your dead end street  
Wouldn't change a thing  
I'd do it over and over and over

I was falling for  
I was falling for  
I was falling for  
I was falling for  
I was falling for  
I was falling for  
I was falling for  
I was falling for  
I was falling for  
I was falling for  
I was falling for  
I was falling for  
I was falling for  
I was falling for  
I was falling for  
I was falling for  
I was falling for  
Nancy Avenue

When I think of you  
What you put me through  
Nancy Avenue, I'd do it over  
And left a piece of me  
On your dead end street  
Wouldn't change a thing  
I'd do it over and over and over
