

# My Heart Won't Lie

Oleta Adams

People say we look good together  
In their eyes your'e my ideal  
You've got so many things going for you  
But there's one thing that can't be concealed

When we're alone I can't feel the emotion  
That'll bring me close to you  
I don't know why, but I've got the strongest notion  
That it's not that easy to do

Cause my heart won't lie  
It's no good to even try  
Don't ask me why  
But my heart won't lie

When I'm with you, Baby, I'm a chameleon  
I'm the master of disguise  
Foolin' everyone about my feelings  
But I think I've just realized that

Somewhere inside is a hidden treasure  
And someone who holds the key  
But everyone told me that I could do much better  
They said he's not the one for me

But my heart won't lie  
It's no good to even try  
Don't ask me why  
But my heart won't lie.
