Oli Eh oh

Ballangun ai ya you gone wild  
Its just another night out on the town  
Listening too the sound of the underground  
You don't want quiet life

It doesn't matter, It really doesn't matter  
Cause you've torn your dress  
And Your life a mess  
It doesn't matter, It really doesn't matter  
How could they know  
That I want you so

I'm just a troubled bitch, troubled bitch like me  
If you got your money honey bring me to your your knees  
I'm just troubled bitch, troubled bitch like me  
I'm like a hurricane destructions where I lead
