

90 Some Chevy

Oliver Anthony

That old darlin' of mine is like a 90-some Chevy
She rides just right when you turn her on
The only thing sounds better than that old 350
Is when she's runnin' up to kiss me when I get home
It's been a hard day
I tell you darlin' it's been a long week
Might have to load up the dogs
Go and listen to the frogs croaking down in the creek
We can take 'er nice and slow
A case of beer and a Zebco
Let the sun sink good and low
There ain't no tellin' where we'll go
In the back of that 90-some Chevy
In the back of that 90-some Chevy

She's hotter than hell, I'm higher than gas
She's sweeter than honey, I'm poor white trash
She ain't had a check that I couldn't cash
I guess that she's my Carter and I'm her Cash
And I've been sittin' around drinkin' on it
I guess I'm gonna have to get me a ring and get it on it

That old darlin' of mine is like a 90-some Chevy
She rides just right when you turn her on
The only thing sounds better than that old 350
Is when she's runnin' up to kiss me when I get home
It's been a hard day
I tell you darlin' it's been a long week
Might have to load up the dogs
Go and listen to the frogs croaking down in the creek
We can take 'er nice and slow
A case of beer and a Zebco
Let the sun sink good and low
There ain't no tellin' where we'll go
In the back of that 90-some Chevy
In the back of that 90-some Chevy

That old darlin' of mine is like a 90-some Chevy
She rides just right when you turn her on
