

Ain't Gotta Dollar

Oliver Anthony

Well I ain't gotta dollar
But I don't need a dime
I've got a little spot in the country
Where I spend all of my time

And when the sun goes down
On this itty bitty town
We can light up a bowl n' pass it around
Cause I ain't gotta dollar
But I don't need a dime

Well the rain could be pouring
Or the sun shining down
Long as my ole truck still fires on up
And there's crops growing in the ground

We'll have to pick some muscadine
Right off the vines
Get a little yeast and make a little wine
Cause I ain't gotta dollar
But I don't need a dime
