

## Alien Boy

Oliver Tree

I fell down to earth  
From a hundred miles away and somehow  
I still make it work  
But it's overrated and somehow played out

Three doors down so you can't ignore it  
I'll hunt you down like a tyrannosaurus  
My teeth are sharp like the great white shark  
Let me taste that flesh, it's my favourite part  
Got an eagle beak, with the ostrich feet  
7 spider eyes for every day of the week  
Means I'm still up working while your bitch ass sleeps  
I'm an alien among the human beings

I fell down to earth  
From a hundred miles away and somehow  
I still make it work  
But it's overrated and somehow played out

Ten doors down but you still can't see me  
I talk a lot of shit so you won't believe me  
I really wouldn't say anything else  
I shouldn't be standing here all by myself  
'Cause I'm out there  
Tried to tell you that I'm out here on my own  
I told you I was out there  
Tried to tell you that I'm out here on my own

I fell down to earth  
From a hundred miles away and somehow  
I still make it work  
But it's overrated and somehow played out

I won't be here long at all

I fell down to earth  
From a hundred miles away and somehow  
I still make it work  
But it's overrated and somehow played out
