Cigarettes

Oliver Tree

Walking out the house with a pack up in my hand
And cigarettes for lunch and for dinner, goddamn
I really wanna stop but I'm feeling like I can't
I smoke more cigs than the Marlboro man

Twenty cigarettes in my mouth at once
Light the whole pack up, I smoke 'em by the bunch
Fill me up with cancer, baby, I can't stop
Smoke 'em when I want, lately that's a lot

Well, darling, I'll smoke 'em till the day that I'm dead
Well, darling, we both know how it's going to end
I smoke too much
Baby, it's killing me quick
I smoke too much
Baby, I'm dying from this

Light a cigarette when I wanna hurt less
Light a cigarette when I celebrate success
Light two cigarettes up right after sex
I light three more right before I go to bed

Twenty cigarettes in my mouth at once
Light the whole pack up, I smoke 'em by the bunch
Fill me up with cancer, baby, I can't stop
Smoke 'em when I want, lately that's a lot

Well, darling, I'll smoke 'em till the day that I'm dead
Well, darling, we both know how it's going to end
I smoke too much
Baby, it's killing me quick
I smoke too much
Baby, I'm dying from this

Cigarettes, cigarettes, cigarettes, cigarettes
I can't get 'em out my head
Cigarettes, cigarettes, cigarettes, cigarettes
They call me ashtray breath

Well, darling, I'll smoke 'em till the day that I'm dead
Well, darling, we both know how it's going to end
I smoke too much
Baby, it's killing me quick
I smoke too much
Baby, I'm dying from this

I only need to smoke one more cigarette
