

## Mind Control

Oliver Tree

Well darling, you're not so likable  
Well darling, you don't have mind control

I used to like you a lot  
But that was such a long time ago  
I used to like you a lot  
Way before all the things I now know

Don't think I forgot  
Oh yeah, I used to like you a lot  
But you treat me like trash

It's always non stop  
Why do you treat me so bad?  
I used to like you a lot  
How funny is that?

Well darling, you're not so likable  
Well darling, you don't have mind control

I used to like you a lot  
But that was such a long time ago  
I used to like you a lot  
Way before all the things I now know

Don't think I forgot  
It went on too long  
I used to like you a lot  
But you treated me wrong

It's always non stop  
Like I didn't belong  
I used to like you a lot  
I'm so glad you're gone

Well darling, you're not so likable  
Well darling, you don't have mind control

I used to like you a lot  
But that was such a long time ago  
I used to like you a lot  
Way before all the things I now know  
I used to like you a lot
