Upside Down

Oliver Tree

It seems that sometimes I'm stuck upside down
And it seems that sometimes I'm stuck upside down

Take what you want, what you got, what you waste
What you give, what you take, what you already have
There's a lot on your plate, I was wrong, you were right
It was all my mistake, I'll regret what I did, but
I give it all away, I give it all away
Take what you want, what you got, what you waste
What you give, what you take, what you already have
There's a lot on your plate, I was wrong, you were right
It was all my mistake, I'll regret what I did, but
I give it all away, I give it all away

It seems that sometimes I'm stuck upside down
And it seems that sometimes I'm stuck upside down
It seems that sometimes I'm stuck upside down
And it seems that sometimes I'm stuck upside down
It seems that sometimes I'm stuck upside down
And it seems that sometimes I'm stuck upside down
