

## Crosswords

Olivia Dean

You're good at crosswords, that's gotta count for something  
A face like August, it's warm but I don't trust it  
And on a good day like today, I'd keep busy  
Know I'm doomed to loving you

A fish out of water, you talk with all your friends about  
Something important, I smile and half understand it  
But they're all pretentious and you're sincere  
Way beyond your years

You make me wanna be better  
I wonder can I just steal a bit of your treasure  
I'd lay a while and you could talk 'bout the weather  
'Cause I'm just too in love to see how bad it is

You're a bad driver, I always close mye eyes  
But I can't criticise ya, I keep quiet and hold on tighter  
And for a hopeless hypocrite  
You're easy to forgive

You make me wanna be better  
I wonder can I just steal a bit of your treasure  
I'd lay a while and you could talk 'bout the weather  
'Cause I'm just too in love to see how bad it is  
To see how bad it is

I can't find words like you  
You make me wanna be better  
I wonder can I just steal a bit of your treasure  
I'd lay a while and you could talk 'bout the weather  
'Cause I'm just too in love to see how bad it is
