

I took five on the way home
Called you for a little piece of mind
Was out lookin' for some healin'
But it seemed a little hard to find
No man's an island, do you not see
That I need you?
As you need me

A year, month, any weekend
Is no match for my loyalty
I'm sweet jumping to your defence
Question, would you do the same for me

They say distance can make the heart grow fonder
But for you I wonder
'Cause if I'm not by your side
Are you still on mine?

I was on the way down
I've been on my knees this whole week
So when I need you most
Will you be my echo?
I was feelin' drowned out
Searchin' for some sweet relief
So when I need you most
Will you be my echo? (Will you be my echo?)

You don't have to move a mountain
Just take a little weight off me
Man up and be about it
'Cause my love is not a one way street

They say distance can make the heart grow fonder
But for you I wonder
'Cause if I'm not by your side
Are you still on mine?

I was on the way down
I've been on my knees this whole week
So when I need you most
Will you be my echo?
I was feelin' drowned out
Searchin' for some sweet relief
So when I need you most
Will you be my echo?
Will you be my echo?
Will you be my echo?
Will you be my echo?

I was feelin' drowned out
Searchin' for some sweet relief
So when I need you most
Will you be my echo?
Will you be my echo?
Will you be my echo?
Will you be my echo?
Will you be my echo?
