Olivia Holt

I, I've been watchin' you  
I've been patient  
But I know what I want  
And I want what I want right now

But you want me too  
You've been waitin'  
And you know what you want  
And you want what you want

So move your hips  
I'm callin' dibs  
Baby, shake your cake  
Shake, shake your cake  
I wanna sway your way  
Follow your rhythm  
Let me get with you next

I, I wanna dance with you after  
Let me get with you next  
Ay, ay, ay, ay, ay  
I wanna dance with you after  
Let me get with you next  
Ay, ay, ay, ay, ay

Let's look around us  
Get another shot at us  
Oh, you move, baby, move  
All night long  
I wanna dance with you after  
Let me get with you next  
Ay, ay, ay, ay, ay

You got all eyes on you  
But I'm ready  
'Cause I know what I need  
And I need what I need right now

You notice me too  
And you're ready  
'Cause you know what you need  
And you need what you need

So move your hips  
I'm callin' dibs  
Baby, shake your cake  
Shake, shake your cake  
I wanna sway your way  
Follow your rhythm  
Let me get with you next

I, I wanna dance with you after  
Let me get with you next  
Ay, ay, ay, ay, ay  
I wanna dance with you after  
Let me get with you next  
Ay, ay, ay, ay, ay

Let's look around us  
Get another shot at us  
Oh, you move, baby, move  
All night long  
I wanna dance with you after  
Let me get with you next  
Ay, ay, ay, ay, ay

To the left, the left  
Sway it to the left  
Baby, shake your cake  
Shake, shake your cake  
Take it to the right, the right  
Turn it to the right  
And baby, shake your cake  
Shake, shake your cake

(I wanna dance, oh baby)  
I wanna dance with you after  
Let me get with you next  
Ay, ay, ay, ay, ay  
I wanna dance with you after  
Let me get with you next  
(Baby, let me get with you next)  
Ay, ay, ay, ay, ay

Let's look around us  
Get another shot at us  
Oh, you move, baby, move  
All night long  
I wanna dance with you after  
Let me get with you next  
Ay, ay, ay, ay, ay

I wanna dance with you after  
Let me get with you next  
Ay, ay, ay, ay, ay
